Portfolio

Bachelor of Technology
in Computer Engineering
JSPM's Rajarshi Shahu College of Engineering, Pune

EDUCATION

Year	Degree/Certificate	Institute	CGPA/Percentage
2021-Present	B.Tech Computer Engineering	JSPM's Rajarshi Shahu College of Engineering	8.2
2021	Senior Secondary	Maharashtra State Board	90.83%
2019	Secondry	Maharastra State Board	94.20%

EXPERIENCE

- **MonkBless**   *April 2024 - June 2024*
  Frontend Developer Intern   (Remote)
  – Spearheaded the frontend development of a perfume-selling website using Angular and Tailwind CSS, creating a dynamic and responsive user interface.
  – Led a team of 4 developers, managing tasks on GitHub and following Agile practices.
  – Integrated frontend components with backend APIs using Angular HTTPClient and RxJS for efficient data handling and state management.
  – Developed and optimized complex UI features such as real-time product filtering and sorting using Angular's Reactive Forms and Observables.

PROJECTS

- **TravelTrail**
  Personal Project   **Link**
  – Built an AI-powered travel planner using React, Gemini AI, and Firebase for personalized trip recommendations.
  – Implemented secure authentication and data storage with Firebase, ensuring user privacy.
  – Designed a responsive UI for seamless use across desktop and mobile devices.
  – Utilized AI for smart travel suggestions, enhancing user experience with data-driven insights.
  – Technologies used: React , TypeScript , TailwindCSS , Firebase , Gemini AI

- **noteNexus**
  Personal Project   **Github**
  – Created a platform for placement preparation, enabling users to share and manage important notes, enhancing study efficiency by 60%.
  – Added real-time collaboration tools like live editing and commenting, increasing user engagement and interaction by 40%.
  – Implemented secure JWT authentication, protecting access for 10+ users and reducing unauthorized access by 50%.
  – Technologies used: Angular, JWT, TypeScript, Node, Express , MySQL

- **Portfolio Website**
  Personal Project)   **Link**
  – Modern, Responsive Design: Crafted with Tailwind CSS for a sleek, mobile-friendly interface that adapts seamlessly to any screen size.
  – Dynamic User Interface: Built with React to deliver an engaging and interactive user experience, ensuring smooth navigation and fast load times.
  – Showcase Projects and Skills: Visually appealing sections for project displays, skillsets, designed to highlight your work and capabilities effectively.
  – Integrated Contact Form and Social Links: Includes a fully functional contact form and links to social media profiles, making it easy for visitors to connect and reach out.

TECHNICAL SKILLS

- **Languages**: C++,Python
- **Technical Skills:**: HTML, CSS, TailwindCSS, Javascript , TypeScript, React, Angular, Node.js, MySql, MongoDB
- **Tools:** : Github, Docker, Canva, Figma , Postman , FireBase
- **Fundamental Subjects:** : Operating System, Database Management System, Networking , OOPS

CERTIFICATION

- **Postman Fundamental Student Certification**   *2024*
  – Gained proficiency in using Postman for API testing and development, including RESTful APIs.
  – Learned to create and manage API requests with various HTTP methods (GET, POST, PUT, DELETE).
  – Enhanced ability to debug and troubleshoot API issues using Postman's comprehensive tools.
  – Worked with RESTful APIs to test endpoints, verify responses, and ensure proper functionality.
